

As the club has grown there have been more and more requests for shooting shirts at many age levels. The KAYBC does **not** provide shooting shirts to players. It is the choice of each team to vote as to whether they want to make this additional investment individually. The position of the club is that an entire team will purchase shirts together or no one on the team will get them. We do not want any player to feel left out over a shooting shirt. There is a provision that if the entire team wants them, but a case of hardship exists making it difficult for an individual to purchase a shirt the coach can speak to the President, Steve Engmann for a club contribution on behalf of that player.

The company that produced the stock shooting shirts that match our uniforms has gone out of business. There are many companies that do custom order shooting shirts which range from \$50.00 to \$70.00 or more. This is quite expensive for youth level shirts so Createch and I have looked for a company that has shirts in stock at an affordable price, will look good with our uniforms and is expected to be available for many years. When ordered big enough, most players get 3-4 years from the same shirt. A standardized shirt can be passed to younger siblings and even the opposite sex. This particular jersey has already worn well over the last couple of years for teams of both boys and girls

Below is a picture of the new shooting shirt selected for purchase by KAYBC teams.

Our shirts would have **BLACK** trim instead of blue.

**Last name of player on
back of jersey**

**This design to be placed on the
upper left chest instead of the full
chest print shown in picture at left.**

Price breakdown per quantity per order for Shooting Shirt.

6-11 shirts = \$35.13/shirt

12-23 shirts = \$32.76/shirt

24-47 shirts = \$27.58/shirt

48-72 shirts = \$24.99/shirt

72 or more shirts = \$24.05/shirt

All prices include tax

It is to the advantage of everyone to be ordering the same shirt with the same logo for each team, year after year.

Createch can give a much better price if all interested teams order at the same time each year.

Talk to the other coaches and coordinators so you can order together for the best price.

The best price break would probably be achieved after the league season ends and the additional Travel Teams have been selected for the winter.

Shirts are available in Youth and Adult sizes through 3XL. .

Createch has Small, Medium and Large shirts at the store to try on for size.

Individual cost will be determined by total quantity ordered and must be paid in full at time of pick up.
