Date: September 2009
Subject: Traveling Team Uniform Care & Responsibility

The KAYBC decided to make a substantial investment in traveling team uniforms for both boys and girls. We worked with Jeff, from Createch in Kimberly, to receive a great price and a quality uniform.

Each player will receive a red jersey, a white jersey, and a pair of shorts. The players are asked to bring both jerseys to their games as there are times when they will need to switch due to an officials request.

The following instructions are to be used for the care of these uniforms:

UNIFORM CARE INSTRUCTIONS

- **Machine wash on cold on gentle cycle if you have this cycle**
- **Wash inside out to maintain color**
- **Do NOT put any pieces of the uniform in the dryer – please hang to dry at all times**

The uniforms will be checked out to a player and will be checked back in by the KAYBC member who maintains our uniform inventory. If the uniform is not returned in the manner it was checked out OR not at all, the player will be charged \$210 for the entire uniform (\$70 for each piece). Each team's coach will notify their players of date that the uniforms must be returned.

Just want to clarify the following right away in case there are any questions: the replacement cost of these uniforms is not what we paid for the uniforms as this is a "replacement cost". The price we paid is based on the **quantity** originally ordered. The replacement cost is what we would have to pay to reorder a uniform due to loss or damage.

Please sign off on the following form acknowledging the uniform care and return of the uniform. This form will be kept by the KAYBC until the uniform is returned.

We sincerely appreciate your help and pride in maintaining the KAYBC uniforms!
